District Superintendent's Report

Sumter School District has approximately 17,000 students and consists of 16 elementary schools, seven middle schools, three high schools, an alternative program, a career center, and an Early Head Start program. We employ over 3,000 people and are one of the largest employers in the area.

Sumter is a progressive industrial, agricultural, culturally rich community. The area is home to Shaw Air Force Base, which includes the Air Force 20th Fighter wing, the Ninth Air Force, and the U.S. Army Central Headquarters; therefore, the school district serves a diverse, ever-changing population of local families as well as those new to the area.

The mission of Sumter School District is to equip students to be responsible, successful, and productive students in a global society. The faculty, staff, and administration of the district strive to be inclusive to all students and families, regardless of their varied needs and abilities. We realize that military families are affected by transition and often by family separation, and we remain vigilant and flexible with these families. For all our students, we offer a variety of classes to cater to those with differentiated learning styles and interests. For those musically, artistically, or athletically inclined students, Sumter School District offers a variety of classes and extra-curricular activities. We offer many opportunities for our students through the International Baccalaureate program, Advanced Placement courses, and college credit course offerings through our partnerships with USC Sumter and Central Carolina Technical College. We also have cutting edge courses available at our Sumter Career and Technology Center.

To improve and sustain the district's gains in English and language arts, professional development for teachers has emphasized engaging students in authentic reading and writing for longer periods of time. Our teachers have focused on the statewide literacy initiative, the integration of ELA into the content areas, and differentiation. In all academic areas, we remain committed to ensuring all students achieve proficiency and will work diligently to enhance strategies for continued improvement. The use of assessment data helps to tailor classroom instruction that is responsive to students' individual academic needs.

Although the economy has still not completely recovered in this area, our Board of Trustees remains committed to academic excellence and fiscal responsibility. The school district and all of the schools are fully accredited by the Southern Association of Colleges and Schools and the SC State Department of Education. The accreditation process includes an intensive review of the instructional program, faculty and staff and their professional development, technology, communication, and leadership.

We encourage parents to become involved in our schools. Volunteer, visit for lunch, attend a sporting event or fine arts program, or join a PTA or booster club. We are very proud of the progress we have made in Sumter School District, and we want our community to share our pride.

Dr. J. Frank Baker, Superintendent
